SUMMARY

Front-End Developer with hands-on experience building web and mobile applications using JavaScript, React, React Native, Expo, HTML, CSS, Firebase, Supabase, and SQL. Background in healthcare and biochemistry, with strong interest in healthcare technology and practical, user-focused applications.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, TypeScript, Tailwind, Python, SQL, C#, HTML, CSS
- **Frameworks/Libraries:** React, React Native, Expo, Expo Router
- **Databases/Backend:** Firebase, Supabase, PostgreSQL, Microsoft SQL Server, REST APIs
- **Tools/Workflow:** Git, GitHub, GitHub Projects, Figma, Postman, Agile, SDLC, Requirements Gathering

PROJECTS

- **FlashyMind**, Team Project – React Native | Expo | TypeScript | Supabase | Express.js
Collaborated with a team to build a cross-platform flashcard app where users can create custom decks, study and review flashcards, take quizzes, and explore pre-made trivia-based decks.
Key features: Expo Router navigation, Zustand state management, Supabase authentication/data storage, Open Trivia DB.
- **Movie Tracker App**, Team Project – React | Firebase | TMDB API
Collaborated with a team to build a responsive movie-tracking web app where users can search for movies, save favorites, add ratings, and write personal notes.
Key features: TMDB API requests, protected routes, Firebase authentication/data storage.
- **Spanish Learning Hub** – React Native | TypeScript | Expo | Supabase | Context API
Developed a mobile app to help users organize and save Spanish learning resources.
Key features: global state management with Context API, Favorites tab, CRUD functionality with Supabase integration.

EDUCATION

AAS in Software Development - Application Development Track. *Bellevue College, Bellevue, WA* *June 2025*
Achievements: Dean's List, Phi Theta Kappa Honor Society Member, BC Foundation Scholarship recipient **GPA: 4.00**

B.A. in Biochemistry, Minor in Economics *Hunter College – City University of New York* *May 2020*
Achievements: Dean's List, Alumni Association Scholarship recipient **GPA: 3.91**

EXPERIENCE

Front-End Website Developer, *Sauna Afina, RedFox Billiard | Freelance* *Oct 2025 – Dec 2025*
○ Designed and launched two custom Tilda websites, incorporating client requirements and delivering sites the owner could maintain independently.

Hospital Pharmacy Technician, *New York-Presbyterian Hospital – New York, NY* *July 2021 – November 2021*
